

A complex network of interconnected nodes and lines, rendered in shades of green and grey, occupies the left side of the page. The nodes vary in size and some have concentric circles around them, suggesting a multi-layered or hierarchical structure.

ASLMS  
EARLY  
CAREER  
NETWORK

DEVELOPING THE NEXT  
GENERATION OF ENERGY-BASED  
TECHNOLOGY LEADERS

*The world's largest professional organization dedicated to promoting excellence in patient care through the safe and effective use of lasers and other energy-based technologies.*

# EARLY CAREER OPPORTUNITIES

---

- » ASLMS Early Career = Students, residents, fellows and young professionals up to 10 years post-graduation.
- » The ASLMS Early Career Network aims to support those in training and at the start of their professional careers by building relationships and promoting involvement in ASLMS.

# FREE AND REDUCED MEMBERSHIP DUES

---

ASLMS offers:

- » FREE membership for medical students, residents, undergraduate and graduate students, fellows-in-training, and post-doctoral fellows for the duration of their training.
- » Reduced dues for 1st and 2nd year post graduate members

SAVE THE DATE!

**ASLMS 2024 | April 11-14, 2024**

Baltimore Convention Center | Baltimore, Maryland

## EDUCATION

### Annual Conference Fees

- » Reduced conference registration fees for qualifying members

**Undergraduate and Graduate Students**

**Who Qualifies?**

### Early Career Abstracts

- » Present your research in Basic Science and Translational Research or Clinical Applications

**Students, Residents, Fellows to 10 years Postgraduate**

**Who Qualifies?**

## EDUCATION

### Presenting Author Educational Scholarships

- » Available for select students and medical/research trainees who submit an abstract and are accepted as the presenting author for oral presentation at the Annual Conference.
- » Up to \$1,250 (USD) for qualifying applicants

#### Who Qualifies?

Medical students, residents, undergraduate students, interns, and fellows-in-training involved in patient-oriented research and graduate students and post-doctoral fellows involved in biomedical laser research.

## EDUCATION

### Early Career Educational Support

- » ASLMS offers support for qualified students, residents, and fellows to attend the conference.

#### Who Qualifies?

Undergraduate students, Physician students (medical student, intern, enrolled in a current residency program, Fellow-in-Training doing patient-oriented research), Early Career Scientist students (graduate student or post-doctoral trainee currently involved full-time in biomedical laser research), Nursing/Allied Health students

# EDUCATION

## ASLMS Online Learning Center

- » ASLMS membership provides access to courses, live and recorded webinars, professional resources, and featured presentations.
- » Many of the offerings are free to ASLMS members.
- » All content is presented by leaders in the field of lasers and energy-based medicine.
- » Introductory courses available for those new to lasers and energy-based devices.

## EDUCATION

### Preceptorship Program

A unique opportunity for ASLMS members who are early in their careers to:

- » Learn new techniques and perspectives in lasers and other energy-based technologies
- » Observe a successful practice in action
- » Develop valuable career networks.

ASLMS member who is a third-year resident, in a fellowship, or who is between one and five years post medical school graduation.

Who Qualifies?

EDUCATION  
Preceptorship Program

*Supported by an independent educational grant from AbbVie.*

# EDUCATION

## Visiting Expert Program

- » The program matches laser and energy-based device experts with educational institutions to provide lectures on cutting-edge research, device innovations, best practices, complications and safety.
- » At no cost, an institution can add a virtual or in-person laser and energy-based device teaching segment to their curriculum.

# RESEARCH

## Research Grants

ASLMS annually awards research grants designed to foster the development and use of lasers and other energy-based technologies in medical and surgical applications.

**ASLMS Member who is enrolled in or has completed post-doctoral and/or residency training within 7 years**

Who Qualifies?

## Student Research Grants

As many as four student grants of \$5,000 each may be awarded each year.

**Undergraduate, Graduate Students (including Residents and Fellows)**

Who Qualifies?

## RESEARCH

### *Lasers in Surgery and Medicine* Journal

Members receive a FREE online subscription to the scientific and clinical journal, *Lasers in Surgery and Medicine* - the official journal of the Society.

#### LSM Events:

- » 24 Hours of Lasers and Energy-Based Devices annual marathon
