

ASLMS 2019

DENVER

39th ASLMS Annual Conference on
ENERGY-BASED MEDICINE & SCIENCE
March 27-31, 2019

The premier international meeting in the field of
medical lasers and energy-based technologies.

Key Dates

- » All Initial Abstracts | July 1-September 30, 2018
- » Educational Grants | September 30, 2018
- » Late Breaking Abstracts | October 1-December 9, 2018

Conference Features

- » Continuing Education Credits
- » Pre-Conference Courses, Breakfasts & Luncheons
- » Workshops
- » Abstract Sessions
- » Special Sessions
- » Feature Events
- » Exhibit Hall

Multidisciplinary Session Topics

- » Basic Science and Translational Research
- » Cutaneous and Aesthetic Applications
- » Early Career Abstracts
- » Gynecology and Women's Health
- » Laser Dental Applications
- » Laser Safety
- » Laser Assisted Drug Delivery
- » Nursing and Allied Health
- » Photobiomodulation
- » Photodynamic Therapy
- » Physical Medicine and Rehabilitation
- » Veterinary Applications

Eric Bernstein, MD, MSE
2018-19 ASLMS President

Henry Chan, MD, PhD, FRCP
ASLMS 2019 Co-Chair

Dieter Manstein, MD, PhD
ASLMS 2019 Co-Chair

Girish Munavalli, MD
ASLMS 2019 Co-Chair

LEARN from the best of the best about the latest laser and energy-based medicine and surgery technologies, techniques, protocols and applications. Hundreds of clinical studies are presented each year to highlight the latest advances and newest devices on the market.

EXPLORE the Exhibit Hall, featuring over 100 exhibitors showcasing new technologies and applications that enhance patient care. The conference schedule offers plenty of time to walk the hall and see the innovations in action.

CONNECT with thousands of professionals in laser and energy-based medicine technology, safety and patient care. Whether in the classroom, hallway or at one of the evening social events, connecting with peers and pioneers in the field provides a key to your professional success.

Join innovative clinicians and scientists from around the world, collaborating to advance patient care.

ABOUT THE ASLMS ANNUAL CONFERENCE

As the largest conference on laser and energy-based technologies for medicine held in the United States, the ASLMS Annual Conference provides a forum at which a multidisciplinary array of scientists, clinicians, residents, students, health care professionals, and industry representatives can learn, share, investigate, and create ideas; the outcomes of which are clinical applications that can and have changed the world of patient care.

- » Hundreds of scientific abstracts are presented and symposia in each specialty, as well as common areas of interest, are included in the sessions to acquaint attendees with the latest developments and state-of-the-art clinical use of lasers and other energy-based devices.
- » Throughout the conference, guest speakers, including industry luminaries and award recipients, provide additional perspectives.
- » Specialty sessions, which deal in detail with specific areas of laser and other energy-based applications, comprise the other major part of the program. Attendees are free to attend the specialty breakout sessions and individual lectures of their choice, to develop individualized programs suiting their particular needs and interests. Prior to the conference, a variety of courses, provide further educational opportunities.

EARLY CAREER OPPORTUNITIES

ASLMS offers significant benefits to those early in their career:

- » Undergrad students, medical students, nursing/allied health students, residents, interns, fellows-in-training, graduate students, and post-doctoral fellows are eligible for:
 - » **Free** conference access and a **50% discount*** on pre-conference courses
 - » **Free** membership for the duration of their training
- » Abstract submitters also have the opportunity to receive an educational grant up to \$1000.
- » Membership includes online access to *Lasers in Surgery and Medicine*, the Society's official journal.
- » There are many other benefits of membership. To learn more, visit aslms.org.

*Does not include breakfast and luncheon sessions.
