# WELCOME!

Welcome to Orlando and the 44th Annual Conference of the American Society for Laser Medicine and Surgery!

The next three days offer opportunities to learn from the world's leading experts in lasers and energy-based devices. These key opinion leaders will share innovative technologies and approaches to improve patient care.

ASLMS 2025 promises to be an outstanding program. Highlights include:

- » The highest quality abstracts will be presented in the Basic Science and Translational Research and Clinical Applications abstract sessions.
- » Over 30 workshops covering various clinical specialties, practice management, basic science, and advanced research.
- » Daily plenary sessions, including awards presentations, the ASLMS Business Meeting, Parade of Specialties, Keynote Speaker, Cutting Edge, and Emerging Technology: Device Demonstrations.
- » Keynote speaker Harley Pasternak, celebrity fitness and nutrition guru, will present "How the Healthiest Countries Stay Healthy and Live Long." During this presentation, he will unveil the diet and lifestyle secrets of the world's healthiest and longest-living populations.
- » A robust exhibit hall where exhibitors showcase new technologies and applications that enhance patient care. The conference schedule offers plenty of time to walk through the hall and see these innovations in action!

Join us at the end of each day of the conference for a special evening event.

- » On Thursday, all attendees are invited to the 10th Annual Celebration of ASLMS Women in Energy-Based Devices for inspiration, outstanding speakers, great conversations, and more.
- » Tech Connect is back on Friday! In this attendee-favorite session, experts openly share their treatment and device preferences.
- » On Saturday, Happy Hour in the Exhibit Hall is the last chance to connect with exhibitors to help you and your team make the best strategic decisions for your practice.
- » The "Light Up the Night" Poolside Soirée is the conference's final event on Saturday evening. This ticketed event allows attendees to relax and network with new and old friends away from the convention center. Guests will enjoy beverages, hors d'oeuvres, and desserts while experiencing the views of the pool at the Rosen Centre, the ASLMS 2025 host hotel.

We encourage you to make the most of everything ASLMS 2025 has to offer! Be sure to download the ASLMS Events mobile app, which is essential for a successful conference experience. With this app, you can access the complete program agenda, create your personal schedule, browse abstracts and ePosters, chat with colleagues, and stay updated on all conference activities.

Thank you for joining us in Orlando! We hope you feel inspired and take home new ideas and approaches for patient care.

**Arisa E. Ortiz, MD**  
ASLMS 2024-25 President

**Jennifer L. Sawaya, MD**  
ASLMS 2025 Co-Chair

**Adam J. Wulkan, MD**

## FOOD & BEVERAGES AT ASLMS 2025

### COFFEE & WATER

Coffee and water will be available daily.

Thursday | West E/F Lobby

Friday | Exhibit Hall

Saturday | Exhibit Hall

### MORNING BREAKS

Hot and cold beverages and snacks are available during morning breaks.

Thursday | 10:30 AM - 11:00 AM | West E/F Lobby

Friday | 10:30 AM - 11:30 AM | Exhibit Hall

Saturday | 10:30 AM - 11:30 AM | Exhibit Hall

### LUNCH

#### Thursday

12:30 PM - 2:00 PM

Complimentary lunch is available for Industry-Sponsored Lunch and Learn Session attendees. Tickets are available on a first-come, first-serve basis.

12:30 PM - 2:00 PM

Cash lunch is available in the West E/F food court.

**Friday and Saturday** | 1:00 PM - 2:30 PM

Complimentary lunch is provided in the Exhibit Hall for all attendees.

### EVENING EVENTS

#### Celebration of ASLMS Women in Energy-based Devices

Thursday, April 24 | 5:00 PM - 6:30 PM | Tangerine Ballroom WF2

Enjoy complimentary light hors d'oeuvres and beverages. All attendees are welcome to attend.

#### Tech Connect Reception

Friday, April 25 | 4:30 PM - 5:15 PM | Exhibit Hall

Enjoy complimentary light hors d'oeuvres and beverages. All attendees are welcome to attend.

#### Happy Hour in the Exhibit Hall

Saturday, April 26 | 4:30 PM - 5:30 PM | Exhibit Hall

Enjoy complimentary light hors d'oeuvres and beverages. All attendees are welcome to attend.

#### "Light Up the Night" Poolside Soirée (\$)

Saturday, April 26 | 7:30 PM - 10:00 PM | The Rosen Centre Hotel - Pool Deck

Guests will enjoy beverages, hors d'oeuvres, and desserts.

*This is a separately-ticketed event. See page 19 for more details.*

# INDUSTRY-SPONSORED **LUNCH & LEARNS**

**Alastin by Galderma** | Room W231AB

*Alastin ASLMS Fellowship Grant Program*

**Presenters:**

Ashish C. Bhatia, MD, FAAD, FASLMS;  
Arisa E. Ortiz, MD

**Cynosure Lutronic** | Room W232C

*Explore How Cynosure Lutronic's  
Cutting-Edge Portfolio of Aesthetic Devices  
is Revolutionizing Patient Care*

**Presenters:** Joel L. Cohen, MD, FAAD, FACMS;  
Omar A. Ibrahimi, MD, PhD;  
Jordan V. Wang, MD, MBE, MBA;  
Douglas C. Wu, MD, PhD

**Jeisys Medical** | Room W232AB

*New Horizon - Sequential RF Technology  
That Brings You the Best of Both Worlds*

**Presenters:**

Rasool Shaik Mohamed, MD;  
Kentaro Oku, MD

**Sciton** | Room W231C

*BBL HEROic, ClearV/ClearSilk  
(mJOLEV Platform)*

**Presenters:** Roy G. Geronemus, MD;  
Dianne Quibell, MD;  
Chris W. Robb, MD, PhD

# THURSDAY PLENARY SESSIONS

April 24, 2025

## AWARDS (NON-CME)

Tangerine Ballroom WF2

9:00 AM - 10:00 AM

Join us in congratulating our 2025 Honorary Award Recipients. These key influencers have had a tremendous impact within their field of study and will each briefly address the audience with their insights, experience, and expertise.

## HONORARY AWARDS

### Caroline and William Mark Memorial Award

Moshe Lapidoth, MD, MPH

*"Choosing the Right Technology. How?"*

### Dr. Horace Furumoto Innovations Professional Development Distinguished Contributor Award

George Frangineas Jr., AAS

*"A 40 Year Journey from Blackwood to Rosewood"*

Mukta Bhardwaj Sachdev, MD, DPD, DD, Dip Derm

*"30 Years of Excellence:*

*Advancing Laser Dermatology for Diverse Skin Tones"*

### Ellet H. Drake Memorial Award

Dieter Manstein, MD, PhD

*"My Journey of Discovery and Learning in Laser Medicine"*

### Excellence in Laser Nursing/Allied Health Award

Barbara J. Humphreys, RN, BN

*"Transforming Lives*

*Through Compassion and Collaborative Care"*

### Kenneth A. Arndt, MD

### Lifetime Mentorship Award

R. Rox Anderson, MD

*"What a Long, Strange Trip It's Been (And Continues To Be)"*

### Leon Goldman Memorial Award

Omar A. Ibrahim, MD, PhD

*"Laser Photons for the Soul"*

## ABSTRACT AWARDS

### Dr. Richard E. Fitzpatrick Best Overall Clinical Research and Innovation Abstract

Jamie Hu, MD

*"THE EFFECT OF PULSED DYE LASER ON FACIAL KERATINOCYTE-DERIVED CARCINOMA DEVELOPMENT"*

### Best Overall Basic Science and Translational Research Abstract

Wangcun Jia, PhD

*"EVALUATING AN ENVIRONMENTALLY FRIENDLY CRYOGEN ALTERNATIVE USING A TRANSGENIC MOUSE MODEL WITH CONTROLLABLE SKIN PIGMENTATION LEVELS"*

## BUSINESS MEETING (NON-CME)

Tangerine Ballroom WF2

10:00 AM - 10:30 AM

Our annual business meeting is for ASLMS members only. Members of the Executive Committee will provide an update on the state of the Society, then ASLMS president Arisa E. Ortiz, MD will pass the baton to incoming president Ashish C. Bhatia, MD, FAAD, FASLMS.

**PRESIDENT**  
Arisa E. Ortiz, MD

**TREASURER**  
Molly Wanner, MD, MBA

**SECRETARY**  
Kristen M. Kelly, MD

**INCOMING PRESIDENT**  
Ashish C. Bhatia, MD, FAAD, FASLMS

## PARADE OF SPECIALTIES

Room WF4

4:00 PM - 5:00 PM

Even experienced and highly trained practitioners struggle to keep up with recent advances and understanding that potentially improves efficacy, safety, and cross-specialty referrals. This session will discuss becoming both specifically and more broadly aware of recent advancements across medical and surgical specialties using lasers and energy-based devices.

**COURSE DIRECTOR**  
Murad Alam, MD, MSCI, MBA

# FRIDAY PLENARY SESSIONS

April 25, 2025 | Tangerine Ballroom WF2

## KEYNOTE (NON-CME) | 9:00 AM - 9:45 AM

Celebrity fitness and nutrition guru Harley Pasternak holds a Master of Science in Exercise Physiology and Nutritional Sciences from the University of Toronto and an Honors Degree in Kinesiology from University of Western Ontario. He is also certified by The American College of Sports Medicine and The Canadian Society of Exercise Physiology, and served as an exercise and nutrition scientist for Canada's Military.

As a fitness and nutrition specialist, Pasternak boasts the largest celebrity client roster in the industry, and has worked with the likes of Ariana Grande, Lena Heady, Lady Gaga, Rihanna, Halle Berry, Katy Perry, Megan Fox, Robert Downey Jr., Robert Pattinson, Jessica Simpson, Gwen Stefani, Adam Levine, Charlie Puth, Lizzo, Kim Kardashian, John Mayer, Amy Schumer, Alicia Keys, and Jennifer Hudson.

**HARLEY  
PASTERNAK**

### How the Healthiest Countries Stay Healthy and Live Long

In this captivating talk, celebrity trainer and nutritionist Harley Pasternak shares transformative insights from his book *The 5-Factor World Diet*, unveiling the diet and lifestyle secrets of the world's healthiest and longest-living populations. Drawing on his extensive global travels and experiences as a health expert for Hollywood's elite, Harley explores how diverse cultures approach nutrition, portion control, and daily habits to promote longevity and vitality.

From the heart disease-combating diets of France to the self-discipline techniques of Japan, and from Sweden's year-round wellness strategies to Singapore's remarkably low obesity rates, Harley highlights practical, actionable lessons attendees can incorporate into their lives. He also provides tips for navigating restaurant menus, stocking a longevity-focused pantry, and preparing meals that are as nutritious as they are delicious.

Attendees will leave inspired and equipped with international strategies for maintaining health, extending lifespan, and embracing a more vibrant way of living at any age.

## CUTTING EDGE (NON-CME) | 9:45 AM - 10:30 AM

This session will explore the future of laser aesthetic medicine, highlighting cutting-edge technologies and innovative approaches that can transform patient care. Participants will gain insights into emerging trends, practical applications, and strategies for adopting advancements to optimize outcomes.

# SATURDAY PLENARY

April 26, 2025 | Tangerine Ballroom WF2

## EMERGING TECHNOLOGY DEVICE DEMONSTRATIONS

(NON-CME) | 9:00 AM - 10:30 AM

This session covers the subject of evolving and emerging technology through the inclusion of video recordings, didactic lectures, panel discussions, and live Q&A. As the technology and techniques in our field continue to evolve each year, we consistently witness the launch of new devices and techniques, as well as novel upgrades to existing devices. Physicians should understand the evolving and emerging technology that is available in order to best inform their clinical practice. Devices in this session include the Candela Matrix System, Candela Vbeam Pro, FoLix™ by Lumenis, Fotona StarFormer® Pro device, Sciton HEROic, Sofwave SUPERB™, and Solta Fraxel FTX.

# PRESIDENTIAL CITATIONS

Presented by: Arisa E. Ortiz, MD | ASLMS 2024-25 President

**TINA S. ALSTER, MD, FAAD**

For your leadership in aesthetic laser medicine, outstanding mentorship, and dedication to advancing laser safety, education, and clinical excellence within ASLMS.

**J. STUART NELSON, MD, PHD**

For your decades of leadership and scientific contributions in vascular laser treatments, mentoring future leaders, and shaping the evolution of ASLMS.

**R. ROX ANDERSON, MD**

For revolutionizing laser technology in dermatology, your pioneering research, and unwavering dedication to ASLMS, inspiring generations of laser scientists and clinicians.

**JENNIFER L. SAWAYA, MD**

In appreciation of your leadership, hard work, determination, and innovation as Program Chair for the 2025 Annual Conference.

**KRISTEN M. KELLY, MD**

For your significant contributions to laser surgery and ASLMS, advancing the treatment of vascular lesions and mentoring the next generation of laser specialists.

**BRIAN J.F. WONG, MD, PHD, FACS**

For your 10 years of invaluable contributions to the LSM journal, your pioneering research in laser applications for reconstructive surgery, and your commitment to advancing innovation and education within ASLMS.

**GARY P. LASK, MD**

For pioneering advancements in laser dermatology, your invaluable role in shaping the clinical and educational standards of ASLMS, and your dedication to mentoring and inspiring the next generation of laser specialists.

**ADAM J. WULKAN, MD**

In appreciation of your leadership, hard work, determination, and innovation as Program Chair for the 2025 Annual Conference.

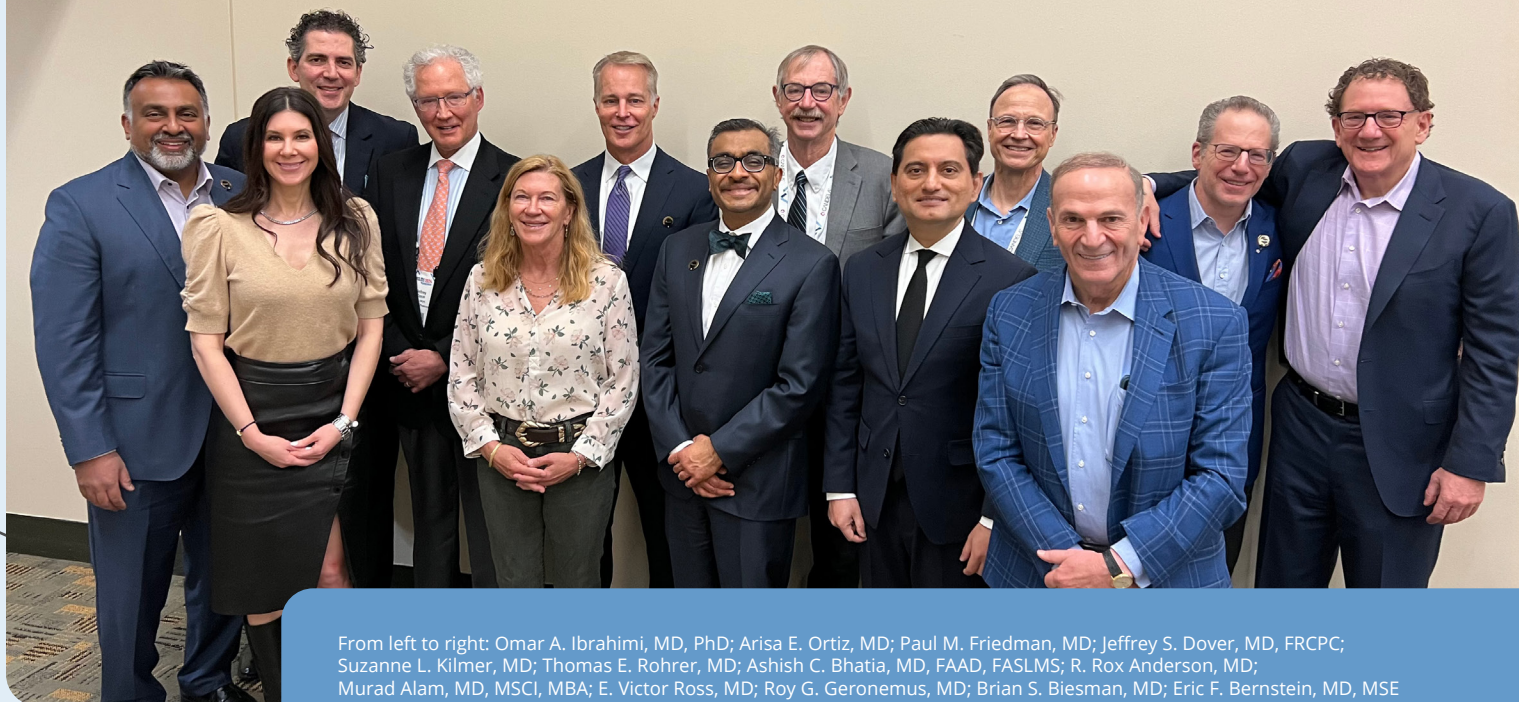

**BETH MALLEN**

For your 25 years of dedicated service to ASLMS through your leadership in the LSM journal, ensuring the highest standards of scientific excellence and advancing the field of laser medicine for future generations.

### 10<sup>TH</sup> ANNUAL CELEBRATION OF ASLMS WOMEN IN ENERGY-BASED DEVICES (NON-CME)

**THURSDAY, APRIL 24**  
5:00 PM - 6:30 PM  
TANGERINE BALLROOM WF2

Join us for the 10<sup>th</sup> Annual Celebration of ASLMS Women in Energy-Based Devices (WEBD) for networking and inspiration. Enjoy complimentary light hors d'oeuvres, beverages, outstanding speakers, great conversations, and more!

FEATURED SPEAKER  
**Tina S. Alster, MD**

#### *Paying It Forward: The Transformative Power of Mentorship*

Mentorship is often defined as a direct one-on-one relationship, but it can also be achieved through observation of role models and taking advantage of professional experiences. As someone who didn't have a traditional mentor early in my career, the professional role models who guided me without direct interaction made me realize the importance of giving back and offering guidance to others. Over the past 35 years, I have sought to "pay it forward" by creating opportunities for others to learn through providing observational preceptorships and hands-on training workshops, delivering lectures around the globe, publishing books and articles, and sharing life lessons that have ensured a lasting legacy. Mentorship is a dynamic, mutually beneficial relationship that fosters personal and professional growth, as mentors provide guidance, support, and experience, while mentees bring fresh perspectives, enthusiasm, and a willingness to learn.

#### AWARD RECIPIENT

**Christine C.

# **HAPPY HOUR** IN THE **EXHIBIT HALL**

Saturday, April 26

4:30 PM - 5:30 PM | Exhibit Hall

Take some time to relax and network after a full day of educational sessions with complimentary light hors d'oeuvres and beverages. The Happy Hour in the Exhibit Hall is the last chance to connect with exhibitors to help you and your team make the best strategic decisions for your practice.

# LIGHT UP THE NIGHT

## Poolside Soirée

Saturday, April 26 | 7:30 PM - 10:00 PM  
Rosen Centre Pool Deck

Photo credit: Rosen Centre Hotel

This ticketed event allows attendees to relax and network with new and old friends away from the convention center. Guests will enjoy beverages, hors d'oeuvres, and desserts while experiencing the views of the pool at the Rosen Centre.

*This is a separately-ticketed event. Tickets are available while quantities last. Please see the registration desk for ticket availability.*

## Become a Member

Join a network of ASLMS members from around the world as we explore new laser and energy-based medical applications.

With an ASLMS membership, you have the resources to improve patient care, advance your career, help develop the next generation of leaders, and make valuable connections.

See all of the benefits an ASLMS membership offers and join today!

[aslms.org/member-services/  
member-benefits](https://aslms.org/member-services/member-benefits)

## OUR MISSION

Promote excellence in patient care by advancing biomedical application of lasers and other energy-based technologies worldwide.

## OUR VISION

Be the world's preeminent resource for biomedical laser and other energy-based technologies research, education, and clinical knowledge.

## ASLMS EARLY CAREER NETWORK

The ASLMS Early Career Network aims to support those in training and at the start of their professional careers by building relationships and promoting involvement in ASLMS.

### Early Career Membership Benefits:

- » Free membership to students, residents, and fellows-in-training for the duration of their training
- » Reduced conference fees
- » Student board positions
- » Preceptorship/mentorship programs
- » Student research grants

Learn more at [aslms.org/early-career](https://aslms.org/early-career)

## ASLMS NURSING & ALLIED HEALTH PROFESSIONALS

### BRINGING TOGETHER A VITAL FORCE IN OUR SOCIETY!

#### Nursing & Allied Health Benefits:

- » Special Nursing and Allied Health session as part of the Annual Conference
- » Educational grants and awards
- » Professional resources
- » *Lasers in Surgery and Medicine* journal subscription

Learn more at [aslms.org/nursing-allied-health](https://aslms.org/nursing-allied-health)

## ASLMS ONLINE LEARNING

*Your Source for Laser  
and Energy-Based  
Device Online Education*

Discover valuable resources for your professional development. An ASLMS membership gives you access to courses, live and recorded webinars, pre-recorded presentations, and member resources. All content features leaders in the field of lasers and energy-based medicine. Many of the offerings are free to ASLMS members.

## Lasers in Surgery and Medicine

ENERGY-BASED THERAPEUTICS AND DIAGNOSTICS

*Lasers in Surgery and Medicine (LSM)*, the Society's official journal, is the most prestigious and widely circulated peer reviewed scientific journal dedicated to basic and applied aspects of laser therapy and diagnosis.

The Impact Factor is 2.2. Based on these results, *Lasers in Surgery and Medicine* is ranked 90 out of 292 journals in the Surgery category and 45 out of 94 journals in the Dermatology category.

*LSM* publishes clinical and basic science reports and is important reading for clinicians who wish to stay abreast of the most recent scientific developments in areas relating to the use of lasers, light-based, and other related energy modalities in medicine and biology. The journal appears eleven times each year, including an abstract issue for the ASLMS Annual Conference.

## ASLMS MEMBERS

*Use your ASLMS log in  
to access all content*

One sign-on through the ASLMS website provides full access to journal content on the Wiley Online Library (WOL). No need to register and affiliate with WOL or use separate log in credentials.

### How it works:

- » Click on an LSM announcement or article link from the ASLMS website, email, or social media post and you will be prompted to log in to the ASLMS website.
- » Once logged in, you are now authenticated and automatically redirected to the LSM website, where you can freely navigate all LSM content.
- » If you were already logged into the ASLMS website, clicking on any of the journal links will automatically redirect you to the LSM site with full access to content.

# ASLMS PHILANTHROPY

## Changing Lives with Lasers

### New Beginnings Radiation Mark Removal

Over 130 board-certified ASLMS members have volunteered to remove radiation marks (tattoos) absolutely free of charge for cancer survivors so that they can have the new beginning they deserve. Patients must provide the physician with an official letter from their oncologist or radiologist approving the removal of any radiation marks (tattoos).

This free service is open to all cancer patients and is not limited to breast cancer or lymphoma survivors.

Learn more at [aslms.org/new-beginnings-branding-tattoo-removal](https://aslms.org/new-beginnings-branding-tattoo-removal)

New  
Beginnings  
Tattoo Removal

### New Beginnings Branding Tattoo Removal

Over 100 board-certified ASLMS members have volunteered to do their part to give sex trafficking survivors a new beginning by offering free branding tattoo removal.

This pro bono service is open to all survivors of sex trafficking with branding tattoos. Patients must have completed or be actively participating in a rehabilitation program or recovery support group.

Patients are required to provide documentation from their case manager stating they are sex trafficking survivors at a safe and appropriate stage of recovery to undergo tattoo removal.

Learn more at [aslms.org/new-beginnings-radiation-mark-removal](https://aslms.org/new-beginnings-radiation-mark-removal)

ASLMS is excited to announce a new partnership with CeraVe to expand the provider network and support for the New Beginnings program. Through the newly created CeraVe Fresh Start Scholarship Fund, providers will be able to apply for funding to offset the operational costs to provide pro bono tattoo removal to trafficking survivor patients.

### How You Can Get Involved

LEARN  
MORE

Now is the time to use your expertise and devices to help change lives with lasers. Please let us know if you would like to participate in the New Beginnings program by contacting us at [information@aslms.org](mailto:information@aslms.org).

*While the ASLMS New Beginnings Tattoo Removal provider directories list only board-certified physician members, non-physicians can be involved in the program through their practice if their physician qualifies and has agreed to be listed on the provider directory*

### NEW! Clean Slate Tattoo Removal

ASLMS is continuing to expand the reach of our philanthropic efforts. The New Beginnings Radiation Mark Program started in 2014 and expanded to include branding tattoo removal in 2022. Now, ASLMS is ready to help members connect with individuals looking for a fresh start in life through pro bono tattoo removal treatment for gang-related tattoos.

While this is not an official ASLMS program, as clinics develop their local Clean Slate programs, they will be added to the ASLMS Clean Slate clinic database.

Learn more at [aslms.org/clean-slate](https://aslms.org/clean-slate)

**Arisa E. Ortiz, MD**  
2024-25  
ASLMS President

*"Ex-gang members and troubled youth who are trying to assimilate into society have trouble obtaining jobs or even entering the military because their tattoos are associated with social stigmas. By removing tattoos, we can help them jump-start a new life."*

Members are our greatest asset. Sharing your commitment to ASLMS and the value of your membership with prospective members drives the success of the program and ultimately the Society.

# Leon Goldman Circle

## ADVANCEMENT OF LASER MEDICINE ENDOWMENT FUND

ASLMS has been a strong advocate of providing awards to fund important research projects that support the development and use of lasers and related technologies in medical and surgical applications. The Advancement of Laser Medicine Endowment Fund was established in 2013 to ensure that the ASLMS can continue to foster innovations and applications of lasers and other energy-based technologies in medical and surgical applications.

Join the Leon Goldman Circle by pledging to contribute \$20,000 over 5 years to the Fund as an individual or, if a corporation, at one of the corporate giving levels. You will support an invaluable cause, and your generous contribution will be greatly appreciated and recognized by the Society.

*Your donation is deductible under federal tax laws. All inquiries regarding ASLMS and its charitable solicitation registration, including requests for a copy of ASLMS' financial statement, may be directed to ASLMS.*

[Learn More & Donate | aslms.org/goldman-circle](https://aslms.org/goldman-circle)

### DR. LEON GOLDMAN

This endowment honors Dr. Leon Goldman, a founder of the American Society for Laser Medicine and Surgery, Inc. He was an editor, an author and a researcher extraordinaire. He was an educator whose academic progeny spans many fields and projects on an international scope. Much of the scientific foundation for medical laser work is attributable to Dr. Goldman, and he indeed will always be known as the "Father of Laser Medicine."

## LEON GOLDMAN CIRCLE MEMBERS

## LEON GOLDMAN CIRCLE CORPORATE MEMBERS

Corporate Giving Levels, pledged over 5 years: Diamond (\$200,000), Sapphire (\$100,000), Emerald (\$50,000), and Ruby (\$25,000)

### Sapphire | \$100,000

### Emerald | \$50,000

### Ruby | \$25,000

## Preceptorship Program

The ASLMS Preceptorship Program provides a unique opportunity for early career members to learn new techniques and perspectives in lasers and other energy-based technologies, observe a successful practice in action, and develop valuable career networks.

For more information, visit [aslms.org/preceptorship-program](https://aslms.org/preceptorship-program) or contact ASLMS at (715) 845-9283 or [information@aslms.org](mailto:information@aslms.org)

The ASLMS Preceptorship Program is supported by an independent educational grant from AbbVie.

## Mentorship Program

Connecting residents and early career members with established members of our society to work on a specific project over a one-year period.

The ASLMS Mentorship Program will be virtual and can adapt based on the mentor and mentee's schedules. Because this is a project-based program, you will work with your mentor to clearly define the project's goals and objectives.

Available to all ASLMS members that play a role in lasers and energy-based devices. All positions and specialties are welcome to participate.

- » Build valuable relationships
- » Gain leadership experience
- » Add to your curriculum vitae
- » Support the ASLMS mission and vision

### How to get started:

- » Complete an application
- » Identify a project from either the suggested list or create one of your own
- » Ask ASLMS to find a mentor or identify one you've selected
- » Submit your application
- » Complete your project

For more information, visit [aslms.org/mentorship-program](https://aslms.org/mentorship-program) or contact ASLMS at (715) 845-9283 or [information@aslms.org](mailto:information@aslms.org)

# SILENT AUCTION FOR RESEARCH

Bid on items donated by exhibitors, including medical equipment, supplies, and more!

**OPENS:** Thursday, April 24 at 7:00 AM  
**CLOSES:** Saturday, April 26 at 2:30 PM

Winning bidders will be announced on Saturday during the Happy Hour in the Exhibit Hall and posted in the Silent Auction area.

The ASLMS Silent Auction offers Annual Conference attendees the opportunity to receive great deals on medical laser equipment and supplies as well as other exciting items.

All net proceeds from the Silent Auction will be designated to fund research grants designed to foster the development and use of lasers and energy-based technologies in medical and surgical applications.

The Industry Relations Committee and ASLMS Board of Directors have secured many valuable items. As in any Silent Auction, the success of the event is entirely in your hands. Place your bids today!

## DETAILS

- » Participants must be 21 years of age or older
- » Some items may have buy restrictions
- » Minimum bids start at 50% of total value
- » Winning bidders will be notified, and arrangements will be made to complete the purchase

View items in the West E/F Lobby

Sofwave's next-generation ultrasound technology is FDA-cleared for lifting the brows, lax submental tissue (beneath the chin), and the neck while reducing facial lines and wrinkles. Sofwave™ is also FDA-cleared for the short-term improvement of cellulite, treating acne scars, and improving the appearance of lax skin laxity on the upper arms. Pure Impact™ is a new, innovative approach to noninvasive muscle toning. It integrates the principle of plyometrics, allowing a unique treatment experience with unparalleled results.

## SOLTA MEDICAL

**GOLD SPONSOR**

[solta.com](http://solta.com)

Solta Medical, a division of Bausch Health Companies Inc., is a global leader in the medical aesthetics industry. Established in 1995, we are headquartered in Raleigh, NC with field teams and regional offices worldwide. For over a decade, we have continued to deliver sophisticated technology that provides therapeutic benefits. With over 5 million procedures performed worldwide, our technologies are proven and effective options for consumers and physicians alike. Our portfolio includes the Thermage®, Fraxel®, Clear + Brilliant®, and VASERlipo® systems, which are collectively tailored to address and improve a broad range of skin and body treatment needs including skin tightening, resurfacing, and rejuvenation. Solta Medical's commitment to innovation and a science-driven pursuit of excellence is boundless, and we are always exploring intellectual, scientific, and business possibilities. Follow us for brand and product updates and visit [solta.com](http://solta.com) to learn more.

## SOMACELL LLC **138**

[somacellskin.com](http://somacellskin.com)

SomaCell™ is the first breakthrough in US facial aesthetics since HiFu in 2010. Pain-free, non-wounding, and with no downtime or restrictions, it works for all skin types, genders, and ages-even over short facial hair. Ideal pre/post-surgery or as a non-surgical alternative, it offers a high ROI with low consumables and accessible pricing.

## THE AESTHETIC GUIDE **229**

[theaestheticguide.com](http://theaestheticguide.com)

The Aesthetic Guide covers the latest developments in aesthetic medicine as well as comprehensive product comparisons, clinical roundtable discussions and practice development strategies. The Aesthetic Guide is the most influential global print and digital publication in the field of aesthetic medicine.

## TIXEL BY NOVoxel INC. **104**

[tixel.us](http://tixel.us)

Since 2011, Novoxel® has been re-inventing fractional resurfacing to provide impressive clinical results, as published in over 25 peer-reviewed articles. The innovative, patented Thermo-Mechanical Action (TMA®) does not use radiation, which reduces risks for the operator and patient. Treatments do not require topical anesthesia and down-time is minimal. Learn about Tixel 2 and recently approved Tixel i at booth 104!

## VYDENCE MEDICAL **324**

[lasers.vyidence.com](http://lasers.vyidence.com)

Development, manufacturing, and distribution of medical devices for aesthetic markets in dermatology, plastic surgery, phlebology, and other specialties.

## ZIMMER MEDIZINSYSTEMS **213**

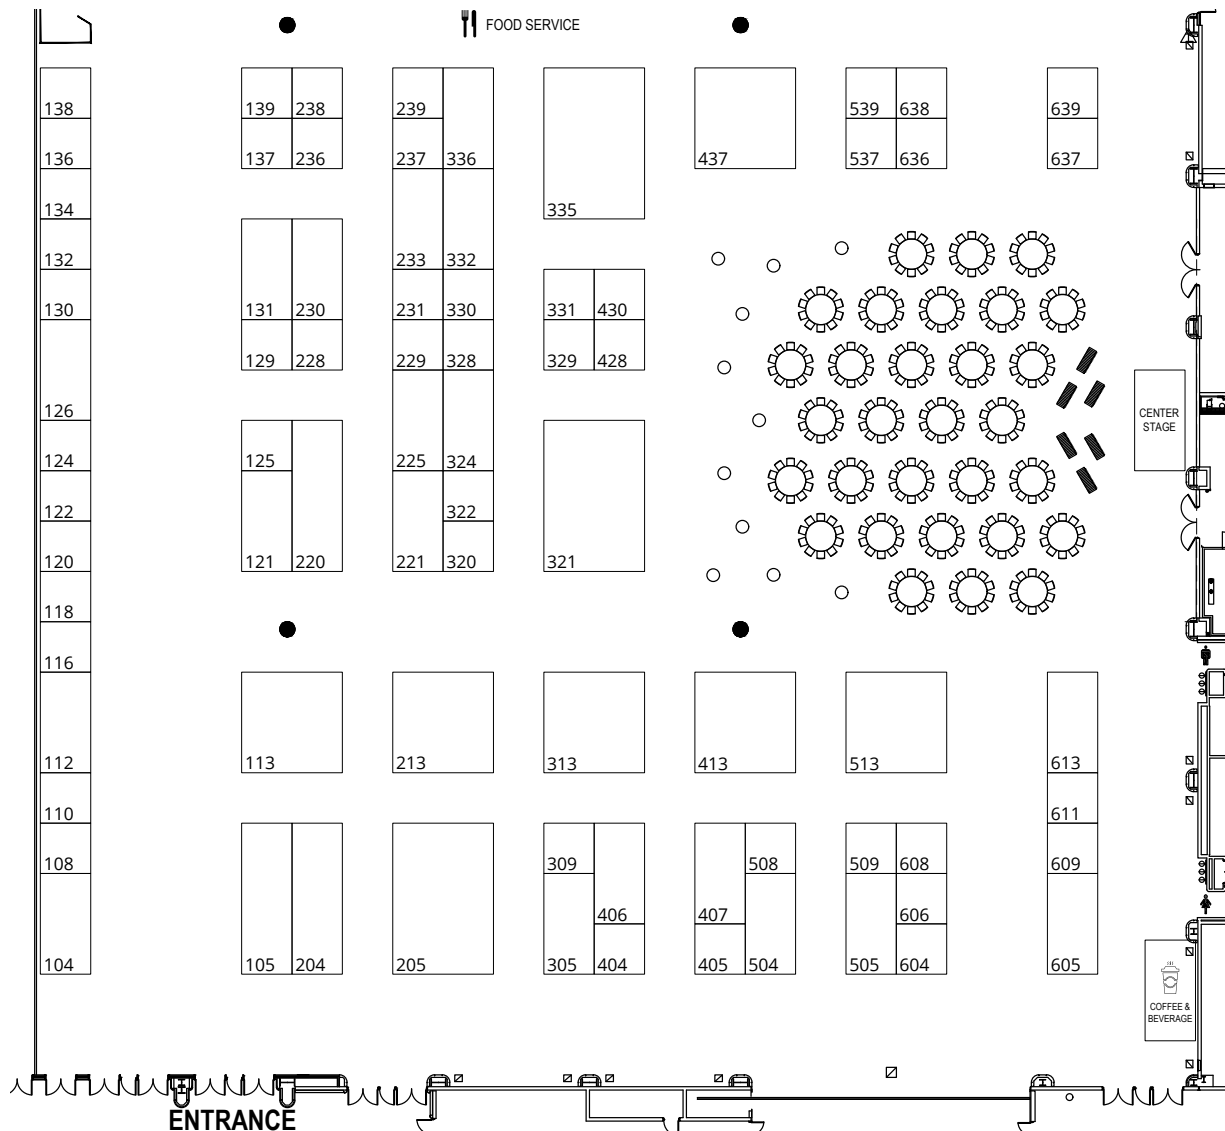

[ZimmerUSA.com](http://ZimmerUSA.com)

Zimmer MedizinSystems in Irvine, California, with its parent company based in Neu-Ulm, Germany, has over 50 years of expertise in manufacturing high quality medical devices. Originating as a manufacturer of physiotherapy devices, Zimmer rapidly evolved as a global leader in the aesthetic industry. The Zimmer Z Wave is FDA cleared for the temporary reduction of the appearance of cellulite, the temporary increase in local blood circulation, and to relieve minor muscle aches and pains. It may also be used as an adjunct in Cryolipolysis™ and other body contouring treatments for enhanced results and both, a faster and easier recovery. Zimmer Cryo devices deliver cold air at up to -30°C, minimizing pain and thermal injury during laser and dermatological treatments and for temporary topical anesthetic relief with injections. With over 65,000 Cryo units sold, the company has set the gold standard for Cryotherapy and skin cooling systems and has significantly contributed to safer laser treatments while improving patient comfort. Among new products adding to the Aesthetic/Wellness portfolio is magnetic technology for urinary incontinence, electrical body stim for toning and muscle definition, and RF for wrinkles and skin laxity. Please stop by to see all the new exciting products Zimmer MedizinSystems will be introducing.
